**About Us....**

In Kerala, unemployment among the professionally qualified graduates is very high. This situation can be attributed to the disproportionate quantum of graduates coming out of the different technical institutions across Kerala and other States, to the quantum of employment available at the upper management level in the State. There is however an acute shortage of skilled manpower at the middle and lower level of management. This hampers the development of the State directly in various fields.

As a remedial measure for this situation, Vocational Education has been introduced in Kerala.

This system of education is meant for the students who have SSLC or equivalent qualification. The student has the freedom to select a vocational course of his choice along with optional subjects equivalent to +2 in four groups. The Department of Vocational Higher Secondary Education awards a Trade Certificate in Vocational Higher Secondary Education in the discipline concerned. Each institution gives admission to 25 students in one course. It is a distinct stream intended to prepare students for identified occupations on one side and to higher studies on the other.

**6.4 Selection**

Vocational Higher Secondary Education follows grading system of evaluation. While conducting admission based on the grading, only the grade obtained by the applicants need be considered. For the students who have passed the exam in the old scheme, marks are to be converted to 9 point absolute grade.

The candidates who have secured D+ grade and above for each paper are eligible for admission to a course of study in the +2 level.

For candidates who have taken more than one chance under the old and new scheme, one score has to be reduced from total grade value for each chance. If more than two chances are taken two scores are to be reduced. This is not applicable to students who passed the 'SAY' examination during the year in which they have appeared for the SSLC examination for the first time.

While giving admission, grade is to be converted to points as mentioned below.

Grade	A+	A	B+	B	C+	C	D+
Grade value	9	8	7	6	5	4	3

Separate admission list is to be prepared and published for each combination.

**Bonus Points**

NCC/Scouts & Guides/Red Cross Certificate	2
Students who studied for SSLC in same Schools	1
Children of Jawan/Ex servicemen	3

The total grade value is to be calculated by adding all the points thus obtained. This grade value divided by total number of papers will be the grade point average.

While applying for a particular course, weightage will be given to the subject in the group selected as given below.

A Group : Physics, Chemistry, Mathematics

B Group : Physics, Chemistry, Biology

C&D Groups : Social Science

While seeking admission in management quota also the applicant should acquire a minimum of D+ grade in each subject. The Admission list has to be prepared and published for each combination under management quota also.

**Calculation of Weighted Grade Point Average**

The Weighted Grade Point Average for each group is to be worked out. For this , weighted grade value is to be calculated as follows:

- Weighted grade value for Group A = Total Grade value for Physics, Chemistry & Mathematics
- Weighted grade value for Group B = Total Grade value for Physics, Chemistry & Biology
- Weighted grade value for Group C&D = Total Grade value for Social Science

*Weighted Grade Point Average for Group A*

Total grade value+ Bonus points if any + Weighted grade value for Group A

Total no. of subjects+ Total no. of subjects to which weightage is given

*Weighted Grade Point Average for Group B*

Total grade value+ Bonus points if any + Weighted grade value for Group B

Total no. of Subjects + Total no. of subjects to which weightage is given

*Weighted grade points average for Group C & D*

Total grade value+ Bonus points if any + Weighted grade value for Group C & D

Total no. of subjects+ Total no. of subjects to which weightage is given.

For the students of the old scheme, admission is to be given based on grade points. They should have passed the S.S.L.C exam with a minimum of 30% for each subject or 30% group minimum ( Minimum 90 Score for languages and 120 score for subjects).

For the Vocational course in Physical Education, the eligibility for admission will be subject to the following conditions.

1. The candidates who have secured D+ grade for each subject and represented Districts in sports.
2. Based on performance and Interview. The applicant has to perform on 6 items.
3. Performance to be calculated based on 5 point grading as detailed below:

Grade	A	B	C	D	E
	20	16	12	8	4

For interview , grade score as 5/4/3/2/1 is to be given

While calculating the weighted grade point average, the score obtained for performance and for interview should be added to the Total grade point. The Admission list is to be prepared based on this.

For the students who have undergone studies in Technical High Schools in Kerala, similar procedures of calculations of weighted grade point average will be followed. T.H.S.L.C students are not eligible for admission to VHS Group B courses.

Supplementary lists are to be prepared for each course in addition to the main list

In case of a tie, the highest grade point average for the subjects in the group concerned should be considered.

Group A courses	-	Physics, Chemistry, Mathematics
Group B courses	-	Physics , Chemistry, Biology
Group C & D courses	-	Social Science

If a tie still exists, the score obtained for English is to be taken into account

If again a tie exists, the applicant's backgrounds like same school, same Grama Panchayat, Taluk, District etc. are to be considered.

Readmission will be allowed only if the candidate has the minimum attendance fixed and remits an amount of Rs. 10/- as per re-admission fee.

The candidates who are provisionally selected for admission will have to appear for an interview at their own expense at the time and date specified. At the time of interview, the candidates should produce the originals of the under mentioned documents and be prepared to remit the fees as specified, immediately on admission.

- (i) Memo Card received from the school

Rank/Selection list for the admission 2008-09 will be put up in the school notice board. The candidates are advised to check the list and not to wait for the memo card. Those who do not turn up for the interview in time will lose the chance for admission. Non- receipt of the Memo card is not an excuse.

The candidates who fail to bring any of the documents mentioned above are liable to forfeit admission.

The selection for admission will be provisional subject to the verification of the original documents .

After admission, change from the allotted branch to another of lower order or choice as shown in the application form will not be permitted.

After admission, change from the allotted branch of lower order to a branch of higher order or choice is permitted only when the candidate is found eligible according to the rank list. During the second year, in case any student wishes to get a transfer from one school to other in the same region he/she should submit the application to Asst Directors concerned.

In the case of those who wish to get transfer outside the region, they have to submit an application to the Director.

The above said terms and condition should be strictly followed during the admission process. Stringent action will be taken against those who violate the above instructions.
